

AS47869

Global Internet Backbone

Metro Ethernet - IP Transit - Remote IX

The Sunshine **Backbone** - **as47869.net**

Proven performance & reliability

AS47869 - AS-NETROUTING

The Netrouting backbone is powered by premium equipment and TIER1 carrier connectivity. From our international backbone we are able to directly provide service at over 15 datacenters in The Netherlands, Sweden and United States. Through partners we have access to over 30 additional countries and states across Europe and The United States.

<i>External Capacity</i>	:	150+ Gbps
<i>Internet Exchanges</i>	:	AMS-IX, DE-CIX, LINX London, IXManchester, STHIX, FL-IX
<i>Carrier Partners</i>	:	Level(3), GTT, NTT/Verio, Cogent
<i>Connected Countries</i>	:	The Netherlands, United Kingdom, Germany, Sweden, United States
<i>Carrier Services</i>	:	Full Transit, Partial Transit, MPLS/VPLS, Remote IX
<i>Uptime Guarantee</i>	:	99.99%
<i>24x7x65 Support</i>	:	Included with base SLA

IP TRANSIT

<i>Service Description</i>	:	Internet connectivity services provided via layer2 or BGP (IPv4/IPv6 support)
<i>Available Options</i>	:	Starting from 5Mbps up to 10+ Gbps

METRO ETHERNET

<i>Service Description</i>	:	Worldwide protected MPLS/VPLS services between all Netrouting connected data centers
<i>Available Options</i>	:	Starting from 100Mbps up to 10+ Gbps

REMOTE IX

<i>Service Description</i>	:	Peering LAN access to major Internet Exchange Points such as the AMS-IX
<i>Available Options</i>	:	Starting from 100Mbps up to 10+ Gbps
